Publication is hereby made for equalized assessed valuations for real property in this township in accordance with 35 ILCS 200/12-10. The median level of assessments for this township is 30.88%. As required by 35 ILCS 200/9-210 and 35 ILCS 200/10-115, the following equalization factors have been applied to bring the assessments to the statutorily required three year median level of 33.33%:

Farm Home site and Dwelling: 1.0794
Residential: 1.0794
Other Land and Other Improvements: 1.0794
Commercial: 1.0794
Industrial: 1.0794

Pursuant to 35 ILCS 200/10-115, the Farm Land assessments for 2022 assessment year will increase by 10% of the preceding year's median cropped productivity index as certified by the Illinois Department of Revenue with data provided by the Farmland Assessment Technical Advisory Board resulting in a \$38.73 per acre increase for each soil productivity index.

Property in this Township, other than farmland and coal, is to be assessed at a 33.33% median level of assessment, based on the fair cash value of the property. You may check the accuracy of your assessment by dividing your assessment by the median level of assessment. The resulting value should equal the estimated fair cash value of your property. If the resulting value is greater than the estimated fair cash value of your property, you may be over-assessed. If the resulting value is less than the fair cash value of your property, you may be under-assessed. You may appeal your assessment to the Board of Review.

If you believe your property's fair cash value is incorrect or that the equalized assessed valuation is not uniform with other comparable properties in the same neighborhood, the following steps should be taken:
